

Attachment One

12-Month Follow-Up Monitoring: Coverage Plan AS COMPLETED

Objectives:

- (1) Each route gets weighed 2 out of 5 weeks per contract specs
- (2) Control for possible bias due to individual estimating differences
- (3) To extent differences persist, spread evenly over study area

Notes for Plan:

West Route = Orange route + approx. 2/3 of Yellow route

East Route = Pink/Green route + approx. 1/3 of Yellow route

(Weigh) = actually weighed, (Est.) = estimated
